Early Reading - Reading and Phonics Meeting

We realise that the ability to read does not happen overnight. It involves a series of stages that lead, over time, to independent, fluent readers. When you help your child learn to read, you open the door to a world of books and learning. Our 'Phonics and Reading Meeting' on **Thursday 20th of September** will inform you about how the journey begins and ways you can support your child.

Please enjoy and share a huge range of books. At this stage it is not about the techniques of reading but the understanding. Focus on: How to hold a book and turn one page at a time/ How to recognise what a character is, whether they are good or bad/ Where the story happens (setting) and what a well known story would be like if it was put into a very different setting. Can they make simple predictions about what is going to happen next? Encourage them to relate stories to their own experiences. Do they know some stories so well that they can retell them using picture or even act them out.

Please practise recognising letter symbols in the phonics book and building up their knowledge of tricky words. (as discussed in the meeting).
