

Autumn term overview Class 2

Date: Autumn 2018

English

We will be using our topic as a stimulus for our writing. We will be using our class bear, Paddington to inspire our story telling.

Paddington and Paddington at the Palace.

To punctuate sentences correctly using capital letters and full stops.

To combine words to make sentences.

Cops and Robbers:

Using different forms of sentences and punctuating them accurately.

We're going on a leaf hunt:

Using expanded noun phrases to describe.

To sequence sentences to form a short narrative.

Maths

We will be focusing on place value, as this is fundamental in maths. We will look at partitioning two digit numbers in different ways before using this to complete addition and subtraction calculations.

We will then look at multiplication and division using practical ways to demonstrate our understanding of the operations.

We will be investigating what a fraction is and how many parts make a whole, using fractions of both shapes and number.

Topic: London.

We will begin our topic by looking at the UK and the different countries that make up the UK. We will use an aerial photograph to draw our own map of London ready to direct Bee-Bots to different locations using simple compass directions. We will look at the Queen and her role in the monarchy, before writing our very own job description for the Queen. We will conclude the half term by creating our own pen and ink drawings of different London Landmarks.

After half-term, we will have a history focus, looking at the Gun powder plot and Guy Fawkes. We will look at who Guy Fawkes was and debate whether he was important to British history? We will be sequencing the Gunpowder plot before writing a diary about the night of the plot.

Science: Working scientifically.

We will be investigating what makes a good scientist, by being one! We will have numerous investigations over the term to encourage our observational skills, our ability to make a test fair and our ability to describe what we see and why we think something is happening. Our key vocabulary this term includes: observe, fair test, question, investigate and predict.

Book recommendations.

Meerkat Mail- Emily Gravett
My teacher is an alien- Bruce Covill
Flat Stanley- Jeff Brown

Computing

To create algorithms that will direct a bee bot to a destination.

Religious education

French

Colours

Weather

P.E.

We will be looking at fundamental skills and ball skills, focusing on balancing and direction of travel.

PSHE:

SEAL - Relationships

Changes

School council- Having our voices heard.

Music

We are going to be using our voices to sing in solo and in groups. Come listen to us at our concerts throughout the year!
